DIRECTOR GENERAL Department of Tourism and Commerce Marketing, Government of Dubai

We invite you to explore Dubai! Join the millions of people who visit our emirate from all around the world every year. Tourists and businesspeople alike are attracted by the different aspects of the city's offerings: our strategic location as the gateway between East and West, our unique cultural heritage, modern infrastructure, wide-ranging leisure activities, world-renowned attractions and multitude of business events – all working together to position the city as a destination of choice.

Here in Dubai we have everything you need to successfully host events of any size throughout the year. We have invested in making our city a world-class destination for meetings, incentives, conferences and exhibitions, and the sector has long been a key pillar of Dubai's growth. Our annual events attract visitors from the four corners of the world across a wide variety of industries, each taking advantage of our ever-expanding infrastructure in transportation, logistics and hospitality, and best-in-class standards of service. We invite you and your delegates to experience this first-hand.

Our emirate has two million residents from 180 different nationalities. We are perfectly situated midway between the Far East and Europe, and one third of the world's population lives within a four-hour flight. We are the same distance from London as from Beijing, and easily accessible from all of the major economic centres in Asia, Africa, Europe and Russia.

As such, we take pride in being globally recognised as a centre of commerce and trade with world-class facilities, an impeccable reputation for high-quality service, and ever-enhancing air connectivity boasting over 160 airlines to 220 destinations; as well as for providing strong value for money. With over 75,000 hotel rooms and furnished apartments, Dubai remains a dynamic destination where it is easy to conduct business.

As you explore our facilities, it will take no time at all for you to understand why Dubai is the destination of choice for so many congresses and other events from around the world.

## YOUR DUBAI CONVENTION AND EVENTS BUREAU

**HAMAD M. BIN MEJREN**  
EXECUTIVE DIRECTOR Business Tourism

Welcome to Dubai! On behalf of the Department of Tourism and Commerce Marketing (DTCM) and the Dubai Convention and Events Bureau (DCEB), it gives me extraordinary pleasure to welcome you here. You can see everything that Dubai now offers to the business visitor and tourist alike.

We have carefully prepared our Meeting and Event Planners' Guide to provide you with all the necessary information you need to make sure your event is a success. We provide information about accommodation in Dubai, different venues, entertainment, DMCs and PCOs, as well as sports information.

The growth of Dubai as a destination has not happened by accident. The country's leadership has continually underlined the importance of the development of the Meetings, Incentives, Conferences and Exhibitions (MICE) industry in the Emirates, recognising that congress development is key to tourism success. Businesspeople who come here and have a productive and professional meeting cannot help but see the hotels, the world-class golf courses, the resorts, beaches, markets,

infrastructure and shopping — and want to come back as a tourist. It is for this reason we at the DCEB have worked so hard to make Dubai the destination for international congresses with professionalism.

The International Convention and Congress Association (ICCA) ranked Dubai as first in the Middle East and as one of the major international meeting destinations globally, with Dubai surfacing as a top contender amongst well-established meeting destinations.

In 2013 the emirate will be playing host to countless international meetings — the Interdisciplinary World Congress on Low Back and Pelvic Pain; SIB OS, the world's premier financial services event; to name just a few. Further major international events are also set to take place in Dubai in 2014, including the Congress of the Asian Pacific Dental Federation (APDF), the Scientific Conference of Asian Pacific Endodontic Confederation (APEC), and the International Symposium on Electronic Art. This is not counting the staggering number of international sporting events also now held in the emirate.

The emirate itself has been built on realising great ambition and the Dubai Convention and Events Bureau is no different. We have gathered international expertise of the very highest quality to ensure that the most complete service can be provided. Every year the calendar of events grows more diverse and more prestigious. From bidding assistance to convention planning, from attendance building to onsite event servicing, the Dubai Convention and Events Bureau's destination experts can assist in facilitating all aspects of any kind of event. We are able to provide up-to-date and impartial advice about one of the world's leading convention and event destinations. And we are proud to say we embody international best practice in every aspect of our services and activities. We hope you'll see for yourself!

We welcome you to Dubai, and if there is anything we can do to make your visit even better, don't hesitate to ask.

## INTRODUCTION

DUBAI, THE 'MERCHANT'S CITY,' HAS TRANSFORMED ITSELF FROM A HUMBLE FISHING VILLAGE INTO A GLOBAL HUB FOR TRADING, MANUFACTURING AND TOURISM. LOCATED AT THE CROSSROADS BETWEEN EAST AND WEST, IT OFFERS THE BEST OF BOTH WORLDS: A TAX-FREE LIBERAL HAVEN FOR BUSINESS AND A LUXURIOUS HOLIDAY DESTINATION FOR PLEASURE-SEEKERS. WITH RECORD-BREAKING SKYSCRAPERS, SHOPPING MALLS AND MARVELLOUS HOTELS CRADLED BY PRISTINE BEACHES AND DESERT DUNES, DUBAI IS LIKE NO OTHER CITY ON EARTH. WELCOME TO EXOTIC ARABIA WITH A 21ST CENTURY TWIST.

Centuries before the city became an international destination, it was inhabited by nomadic tribes that left little trace of their existence. Then, in the 18th century, members of the Bani Yas tribe, who made a living trading as well as fishing, settled in Dubai. Their natural commercial instincts, allied with liberal attitudes, attracted the attention of neighbouring traders from India and other Gulf countries. By the late 1870s, Dubai had become the main port of the southern coast, developing major souks to enable visitors to barter their wares. Pearls, collected from offshore beds, and gold were key to the emirate's prosperity until the discovery of 'black gold'.

When Britain announced its withdrawal from the emirate in the 1960s, it prompted the formation of the United Arab Emirates, a federation that allowed each of the seven emirates to pursue its own policies and development strategies. This enabled Dubai, under the progressive leadership of the Al Maktoum dynasty, to invest in infrastructure, education and health care, thus providing the foundations for Dubai's development into a city of the future.

Dubai's global success today is also a product of its global outlook. It has an open, multi-cultural society that is bilingual in Arabic and English, and extremely tolerant of different religious beliefs. So even though the local populace preserves Dubai's Islamic heritage, it is not enforced upon others, making western clothing accepted for men

and women alike. This cosmopolitan spirit has attracted some of the world's biggest events and given rise to international sporting tournaments, like the Dubai Desert Classic and the Dubai World Cup. But despite an outward mentality, local traditions such as dhow sailing, camel riding and falconry are still shared and celebrated.

In fact, it is not uncommon to see windtowers sitting beside glittering skyscrapers and desert dunes rolling into green golf courses; a testimony to Dubai's visionary future coexisting harmoniously with its carefully preserved heritage.

Dubai dared to dream big and the results of its realised vision can be seen everywhere: mega projects have transformed the face of the emirate, extending its coastline, greening the desert and reaching for the skies. These include the

recently inaugurated Dubai Metro rail system, which connects the city from end to end; the Palm Jumeirah, the world's largest man-made island that can be seen from space; and the Burj Khalifa, the world's tallest building and a masterpiece of urban planning, with lakes, pedestrian boulevards, low-rise residential neighbourhoods, four hotels and The Dubai Mall. It's really no wonder that Dubai is always described in superlatives – the most, the biggest and the best all reside in this city.

## CLOTHING

Summer clothing may be worn for most of the year but temperatures can drop during the winter. At the pool or at the beach, swimwear is quite acceptable, but when in the city and public areas, care should be taken to not give offence with revealing clothing.

## CREDIT CARDS

American Express, Diners Club, Visa and MasterCard are generally accepted in hotels and shops.

## CURRENCY

The local currency is the Dirham (AED), which is divided into 100 fils. It is pegged to the US dollar at an exchange rate of US\$1 = Dhs3.675.

## LANGUAGE

The official language is Arabic but English is widely spoken and understood throughout the country.

## PHOTOGRAPHY

Normal tourist photography is acceptable, but photographing government buildings is prohibited. Like anywhere in the world it is courteous to ask permission before photographing people, etc.

## MEDIA

There are three English language newspapers published in Dubai. International newspapers, magazines and journals can be bought at bookshops and supermarkets. Dubai has both Arabic and English commercial radio and television stations, as well as access to international satellite TV programming.

## COMMUNICATIONS

The international dialing code for incoming calls is +971. Calls to and from landlines within Dubai are free of charge, and direct dialing is possible to more than 170 countries. GPRS and WAP services are also available. A GSM international roaming service for mobile phones is available for more than 60 countries. If your country isn't one of them then a service known as "Wasel" is available. Bring your phone or buy it here and purchase a SIM card (available at most supermarkets, petrol stations and hotels) to make and receive calls from the UAE. Internet services are also available for non-subscribers from regular phone lines.

## HEALTHCARE

Medical services in Dubai are of an international standard.

## PUBLIC HOLIDAYS

Islamic holidays are based on the Hijri calendar, which is determined by the sighting of the moon. As a result, the dates of holidays are often confirmed less than 24 hours in advance. Some of these are Eid Al Fitr (three days), Eid Al Adha (four days), Al Hijra (one day), Mawlid Al Nabi (one day) and Al Isra Wal Miraj (one day). Fixed dates on the calendar are New Year's Day (Jan 1) and UAE National Day (Dec 2). The Holy Month of Ramadan falls from the second week of July through to the second week of August in 2013, and moves forward approximately 10 days every year.

## BARGAINING

Bargaining is expected in the souks. Vendors will usually drop the price, often quite substantially, particularly for a cash sale.

## TIPPING AND GRATUITIES

Tipping practices are similar to those in most other parts of the world and are at the customer's discretion.

## ELECTRICITY

The electricity supply in Dubai is 220/240 volts at 50 cycles. Standard, British square three-pin plugs are the norm in most hotels. US-made appliances may need a transformer adaptor.

## WATER

The tap water in Dubai is safe to drink. But locally bottled mineral water is generally served in hotels and restaurants.

## TIME ZONE

Gulf Standard Time: + 4 hours UTC

## TRANSPORTATION

Public transportation is plentiful and easily obtainable in Dubai. A government body, the Roads and Transport Authority (RTA), runs all metered taxis, buses, water taxis and the Dubai Metro.

The numerous bus, water taxi and metro routes service the entire emirate, connecting all residential and commercial areas as well as the international airports.

Many hotels also provide regular shuttle buses that follow set routes around Dubai and to the beaches. Car rental companies require a passport copy and a valid international driving licence for all renters coming from: Austria, Belgium, Canada, Denmark, Finland, France, Germany, Greece, Netherlands, Ireland, Italy, Japan, Norway, Spain, Sweden, Switzerland, Turkey, UK and USA. Driving is on the right hand side of the road.

# PUBLIC TRANSPORTATION IN DUBAI

DUBAI'S COMMITMENT TO SUSTAINABLE DEVELOPMENT AND ENVIRONMENTAL AWARENESS IS EASILY VERIFIED BY ITS PUBLIC TRANSPORT SYSTEM, ONE OF THE MOST COMPREHENSIVE AND ADVANCED IN THE WORLD. REGULATED BY THE ROADS AND TRANSPORT AUTHORITY (RTA), PUBLIC TRANSPORT IS EASY, AFFORDABLE AND RELIABLE.

Although traditional forms of transportation such as buses, water buses and road taxis are prevalently used, the Dubai Metro now stands as the futuristic model of mass transit in the city and the region. Fitted with state-of-the-art technology, all stations and trains are air conditioned, and offer standard or Gold Class seating. Dubai Metro is the first urban train network in the Arabian Peninsula as well as the longest fully automated network in the world. In the first two days of operation, it moved nearly 10% of Dubai's population, and in the first five months carried over 10 million passengers. As it continues to grow and new lines and stations open, it promises to connect every corner of the emirate in a clean, comfortable and modern fashion.

DUBAI METRO IS THE FIRST URBAN TRAIN NETWORK IN THE ARABIAN PENINSULA AS WELL AS THE LONGEST FULLY AUTOMATED NETWORK IN THE WORLD.

## DUBAI INTERNATIONAL AIRPORT

DUBAI INTERNATIONAL AIRPORT HAS ESTABLISHED ITSELF AS A GLOBAL AVIATION HUB, HANDLING OVER 50 MILLION PASSENGERS IN 2012. THIS MADE IT THE THIRD BUSIEST AIRPORT IN THE WORLD BY INTERNATIONAL PASSENGER TRAFFIC AND THE SIXTH BUSIEST CARGO AIRPORT.

Altogether, it handles over 6,000 weekly flights operated by 130 airlines to 220 destinations across every continent.

In addition to being one of the busiest, Dubai International Airport is also a paradigm of modernity, especially after the opening of Terminal 3 in 2008, dedicated to Emirates Airline. This state-of-the-art terminal has 59 passenger loading bridges, 220 check-in counters, 14 baggage belts running 80km, 157 elevators and 97 escalators, 2,600 underground parking spaces and nearly 15,000sq m devoted to duty free. Other facilities include a 300-room hotel and health club, an 800 passenger capacity Emirates First Class Lounge and a Business Class Lounge for 1,200. A new VIP Majlis facility has also been launched, as well as a relocated Executive Flight Centre that is the largest dedicated business aviation terminal of its kind in the Middle East region.

An exclusive A380 facility is now open, with 23 dedicated gates, which expand the airport's capacity to 75 million passengers per annum.

## AL MAKTOUM INTERNATIONAL AIRPORT

RECENTLY OPENED ON JUNE 27<sup>TH</sup> 2010, THE AL MAKTOUM INTERNATIONAL AIRPORT IS ONE OF THE MOST AMBITIOUS AIRPORT PROJECTS EVER ENVISIONED, AND LIVES UP TO THE LEGACY OF ITS NAMESAKE, THE LATE SHEIKH MAKTOUM BIN RASHID AL MAKTOUM, FORMER RULER OF DUBAI.

When fully operational, Al Maktoum International Airport will become the world's largest passenger and cargo hub, 10 times larger than Dubai International Airport and Dubai Cargo Village combined.

Once completed, the airport will have an annual cargo capacity of 12 million tonnes, and a passenger capacity of up to 160 million people per year. This would be more than Hartsfield-Jackson Atlanta International Airport, which handled 90 million people in 2008 and is currently the world's busiest passenger airport.

Designed for the future, Al Maktoum International Airport is able to handle all next-generation aircraft, including the Airbus A380 super-jumbo. Up to four aircraft will be able to land simultaneously, 24 hours a day, which will minimise in-air queuing.

The airport will be served by Dubai's new metro system and includes five parallel runways; three passenger terminals, including two luxury facilities (one dedicated to airlines of The Emirates Group, the second to other carriers, and the third to low-cost carriers); multiple concourses; 16 cargo terminals with a 12 million tonne capacity; executive and Royal jet centres; hotels and shopping malls.

## EMIRATES AIRLINE

FOUNDED IN 1985 WITH JUST TWO AIRCRAFT, EMIRATES IS NOW ONE OF THE WORLD'S FASTEST GROWING AIRLINES, FLYING TO 116 CITIES IN 68 COUNTRIES ACROSS SIX CONTINENTS.

It also operates four of the longest nonstop commercial flights worldwide: from Dubai to Los Angeles, Sao Paulo, Houston and San Francisco, and from early 2012, nonstop routes to Seattle, Dallas, Rio de Janeiro and Buenos Aires.

Propelled by impressive profits and international recognition, Emirates Airline has acquired one of the world's youngest and most modern fleets, with 162 wide-bodied aircraft in service, including 17 double-decker A380s.

Looking ahead, Emirates will continue to expand its international network, with 73 A380s and 90 777-300 ERs included in its 240 plus aircraft order book.

## FLYDUBAI

SINCE OPERATIONS BEGAN IN JUNE 2009, FLYDUBAI HAS BECOME THE WORLD'S FASTEST GROWING START-UP AIRLINE EVER, FLYING TO MORE THAN 45 DESTINATIONS ACROSS THE GCC, MIDDLE EAST, ASIA, AFRICA, THE SUBCONTINENT AND THE FRINGES OF EUROPE.

The low-cost carrier, which is based at Dubai Terminal 2, is dedicated to making travel more accessible and affordable, taking every step to lower costs and pass them onto passengers by way of lower fares. But low cost does not mean low quality; flydubai continues to pioneer new products and technologies, including being the only airline in the world able to screen movies in high definition. Book early, online at [flydubai.com](http://flydubai.com), to get the lowest fares.

# DUBAI INTERNATIONAL CONVENTION AND EXHIBITION CENTRE

THE DUBAI INTERNATIONAL CONVENTION AND EXHIBITION CENTRE (DICEC) IS LOCATED A 10 MINUTE DRIVE FROM DUBAI INTERNATIONAL AIRPORT, AND IS AT THE HEART OF DUBAI'S BUSINESS DISTRICT. DICEC ALSO HAS ITS OWN METRO STATION – THE 'TRADE CENTRE STATION' WITH DIRECT LINKS TO THE AIRPORT AND MAJOR DESTINATIONS WITHIN DUBAI.

DICEC forms part of the Dubai World Trade Centre (DWTC). At over 1 million square feet, DICEC is the region's leading purpose-built complex equipped with state-of-the-art facilities for exhibitions, conferences, meetings and events.

As the largest venue in the Middle East, DICEC continues to provide the region with enabling infrastructure to host the largest, most diversified and truly global calendar of events. The newest addition to DICEC is the Sheikh Saeed Halls, offering four new halls and adding approximately 25,000 sq m of exhibition space to the venue. The centrepiece of the Sheikh Saeed Halls is the multi-purpose Trade Centre Arena which has over 9,100 sq m of covered versatile exhibition space, with a ceiling height of 14 metres and a capacity to hold a variety of events and concerts for over 10,000 guests. For other large events the venue offers the 7,703 sq m column-free Sheikh Rashid Hall.

Divisible by operable soundproof walls, this state-of-the-art venue with its 12.65m high ceiling can be customised for any event from plenary sessions and concerts to sporting events and theatre productions. Configured as an auditorium, Sheikh Rashid Hall provides 2,500 retractable tiered seats, an additional 2,000 seats on the flat, 10 interpretation booths, two green rooms and three backstage offices. Four adjacent meeting halls offer space for a further 2,000 attendees. Alternatively, Sheikh Rashid Hall can be sub-divided into six large meeting rooms which together can accommodate up to 6,400 delegates. Interlinking with the Sheikh Rashid Hall is the column-free 3,859 sq m Sheikh Maktoum Hall, which significantly enhances the centre's capacity to provide adaptable solutions. When used as a conference venue, it can be divided into four soundproof meeting rooms that seat from 600 to 750 delegates each. The hall is also an ideal setting for banquets for up to 1,800 guests.

The flexible design allows for integration of Sheikh Maktoum Hall and Sheikh Rashid Hall into a single level enormous meeting area or exhibition space spanning over 11,562 sq m, with a capacity to accommodate over 5,600 people (banquet style). With an impressive 15,002 sq m, Za'abeel Hall can accommodate up to 12,000 people for exhibitions or be sub-divided into three separate sub halls.

## Exhibitions

Dubai Sports City covers an area of 50 million square feet and is home to cricket stadiums and golf courses, as well as specialised sports academies.

Dubai Sports City is considered to be one of the most important pillars of development in the sports sector in the emirate of Dubai and in the UAE.

Dubai Sports City is viewed as a highlight of the privately owned developments in Dubai. It is characterised by its cricket stadium, which accommodates 25,000 spectators and is known to be one of the best cricket stadiums in the world. The International Cricket Council (ICC) was closely involved in the construction of the stadium to ensure that it met the standards and specifications required to host competitions.

**DUBAI  
ATTRACTS THE  
WORLD'S ELITE  
SPORTSMEN AND  
THEIR DEDICATED  
SUPPORTERS.**

The stadium has hosted many international cricket matches, attracting many of the world's top-ranked teams. The ICC has now shifted its base to Dubai, within the Sports City complex.

Dubai Sports City is home to a world-class golf course designed by South African golfing legend Ernie Els. Along with luxury clubhouse amenities, The Els Club golf course boasts 7,538 yards of beautifully contoured greens and bunkers.

Further world-class facilities located in Dubai Sports City include the David Lloyd Tennis Academy, the Butch Harmon School of Golf, the ICC Global Cricket Academy, Manchester United Soccer School and swimming, rugby and hockey academies.

What gives this city an additional advantage is its residential complex built for visiting sports delegates. The spacious apartments are equipped with all means of comfort and are designed to accommodate a large number of athletes.

## FOOTBALL

Football is the most popular sport in Dubai with both the local and expatriate audience. The UAE Pro League offers residents and tourists the opportunity to witness some of the top world footballers today including Grafite, Asamoah Gyan, and Ricardo Quaresma as well as AFC Champions League action from the likes of Al Nasr and Al Shabab. Dubai also offers the chance to witness top tier international football from the Dubai Football Challenge. The Dubai Football Challenge is Dubai's premier football event that takes place every winter between club teams from throughout the world. The luxury of the Dubai Football Challenge is something the usual football fan is unaccustomed to, as the event allows for the fans to get up close and personal with their football icons. Dubai also attracts many world-class footballers and teams who enjoy training at Dubai's wonderful facilities throughout their mid-season breaks.

Dubai is well known for its beautiful and stunning shores. The history of the city is inextricably linked to the sea, and its people are distinguished in practising a wealth of traditional marine arts and sports. Dubai's native residents have embraced modern marine sports and proven themselves as solid international contenders. It is with this conquering spirit that Dubai has become a hub for manufacturing first-class vessels for the world's elite teams, both local and international.

### POWERBOATS

Dubai hosts at least one round of the UIM Class 1 World Powerboat Championships annually. Dubai's own Team Victory dominates the scoreboards and has won the title several times.

### JET SKIS

Jet skiing is very popular in Dubai and is practised by amateurs and professionals alike. Locals and visitors can use their own watercraft or rent them from a large number of watersports hubs around the city. Athletes from Dubai compete for titles in regional championships local to the UAE, as well as competitions held on the international stage around the world.

### RACING YACHTS

Dubai International Marine Sports Club is a base for the Abu Dhabi Ocean Racing team, and is home to some of the most eminent and powerful yachts in the world. In addition to competing in championships held in Dubai, these yachts are used in Dubai for winter training. New yachts are also tested in Dubai before big championships.

### LASER DINGHIES

Laser dinghies are incredibly popular, usually with young athletes of various nationalities. Dubai's calm, warm waters provide the perfect environment for competitions starring this nippy craft.

## DUBAI'S NATIVE RESIDENTS HAVE EMBRACED MODERN MARINE SPORTS AND PROVEN THEMSELVES AS SOLID INTERNATIONAL CONTENDERS.

### TRADITIONAL ROWING

Rowing was traditionally a means to power wooden sailing ships. Today, rowing has become a popular competitive sport in homage to the UAE's maritime ancestors. Many competitions and tournaments are organised around this important traditional sport and they attract a huge audience.

### TRADITIONAL DHOWS

These large vessels, with their unfurled white sails, were a means to transport goods and passengers in the past. Today, despite the development of modern vessels, Dubai maintains its legacy and continues to recognise the tradition of these dhows with several annual races. The most important is Al Gaffal, in which skippers prove their expertise with the traditional boats and the UAE's coast in long distance races.

### WOODEN POWERBOATS

Small wooden boats were once used to sail short distances. Today these boats are equipped with modern engines and local annual races are organised to promote the sport along with other marine sports.

### SWIMMING

Dubai pays great attention to swimming due to the UAE's maritime history and pools have been constructed all over the emirate to encourage the activity. Dubai hosted the first FINA World Swimming Championships (25m) to be held in the Middle East. The championships were held in

the Hamdan Bin Mohammed Bin Rashid Sports Complex, which has a spectator seating capacity of 15,000 and an Olympic sized pool.

The emirate of Dubai pays great attention to equestrian sports due to the strong and deep-rooted relationship between the Arab region and horses. Dubai gives great priority to its purebred horses in order to maintain the status of the Arabian well-bred horse. Various local and international equestrian competitions and championships are organised throughout the year.

### HORSE RACING

Each March, Dubai hosts the most important and affluent horse race in the world, the Dubai World Cup. The strongest horses from all over the world compete on dirt and turf tracks. The Meydan Racecourse is the world's newest and largest integrated racing facility. Jebel Ali Racecourse also hosts races and has a number of stables holding some of the best horses in the world. As a result of the huge interest in this sport, the UAE has emerged as a leader in the field and won several international titles.

### ENDURANCE CHAMPIONSHIPS

Endurance is a popular sport in the UAE and is widely practised. The UAE is a world leader in the field with many achievements in world championships. Both individual and team competitions are held and endurance villages have been constructed in Dubai to practise the sport. The main factors for the success of this sport in Dubai are the environment's suitability and the standard of care that produces horses capable of excelling in endurance races.

RELAX,  
EXPLORE &  
INDULGE

## RELAX, EXPLORE & INDULGE

IN ADDITION TO BEING A BUSINESS CITY, DUBAI IS ALSO A GLOBAL HOTSPOT FOR LEISURE AND RECREATION. THERE IS AN INCREDIBLE VARIETY OF APPEAL TO DUBAI WITH WORLD-CLASS ATTRACTIONS FOR EVERYONE FROM ADRENALINE JUNKIES TO CULTURE BUFFS, FOR BIG SPENDERS, FOODIES, WATER BABIES, ARCHITECTURE ADMIRERS AND PARTY PEOPLE. THE FOLLOWING PAGES PRESENT SOME OF THE MOST POPULAR AND THRILLING ACTIVITIES DUBAI HAS TO OFFER.

### SKI DUBAI

This indoor slope, jutting out of the Mall of the Emirates, has five 'real snow' runs, a nursery slope, a selection of rails and jumps, and a snow park where kids can roll around in the snow. Lessons are available, and there's a cafe halfway up the piste.

### THE DESERT SAFARI

Beautiful, untamed and expansive, Dubai's desert landscape is truly magnificent, and a safari over its dunes in a 4WD is an unforgettable, thrilling experience. After an exhilarating dune bashing experience, you arrive at a typical Arabian encampment in the middle of the desert, where guests can enjoy live music, belly dancing, camel riding, henna painting, star gazing and a full dinner buffet and BBQ with Arabic coffee.

Tours can easily be customised to the size and needs of specific groups. Smaller groups, for example, can enjoy a private tent atop a dune with Arabic cushions overlooking the sunset, followed by an array of entertainments from a harpist, to a whirling dervish troupe, a traditional falconry display and even a full Bollywood disco.

Daytime excursions offer something completely different, with sand skiing, sand boarding, or even a sand buggy treasure hunt with a spot of abseiling or mountaineering to work up an appetite for a sumptuous picnic lunch.

### TEE TIME

Dubai has the distinction of hosting the oldest and most well established tournament in the Middle East, the Omega Dubai Desert Classic and the European Tour's Race to Dubai, which climax with the season-ending Dubai World Championship. Dubai is where the pros want to play but it is also the golfing destination global golfing tourists want to visit. With 10 spectacular 18 hole courses, including three Championship courses, and one excellent nine hole resort course, there is something for everyone. Each course has its own characteristics, suitable for golfers of all levels, and they can be enjoyed in superb conditions, all-year-round, under Dubai's perpetually sunny skies.

### THE SPORT OF KINGS

Looking for a completely new experience? Something you can do only in Dubai? Instead of the traditional game played on horseback, try Camel Polo, incorporating one of Dubai's native creatures. Played with rules similar to standard polo, this version includes a few surprises and is easily accessible to all skill levels.

You will receive polo mallet swing technique training as well as tuition on how to successfully ride and steer the camels. This is a great introduction to interaction with the camels and is a key part of the activity – as well as being amazing fun. After this you will be equipped with all of the skills necessary to battle it out "on the hump" in the final chukka!

Played with groups of eight to 60 Camel Polo is ideal for a corporate team building activity or a day out with family and friends.

### THE SPA CULTURE

Every hotel that opens in Dubai now offers a new take on the spa experience. The result is that spa culture has become one of Dubai's top attractions, with luxurious spa retreats on offer at the beach, in the city, in the desert or even alongside the golf course. Probably the most traditional of all treatments is the hammam, involving scrubbing, steaming and wrapping in rasul muds, for deep cleansing, detoxing and softening of the skin as well as deep relaxation. This is just one of hundreds of treatments on offer to envelop the senses, from aromatherapy massages with exotic oils to facials and pedicures.

### LIFE'S A BEACH

Bathed by the crystalline Gulf waters and constant sunshine, Dubai is the ideal destination for beach lovers, who will never be disappointed by rainy or cold weather. Relax on the golden sands at Jumeirah Beach Park or enjoy exclusive facilities at a beachside resort. Beach hotels offer extensive water sport activities for groups and individuals alike, including mini-regattas, jet skiing, water skiing, parasailing, wakeboarding, kite surfing and even deep sea fishing. There are also snorkelling and diving sites offshore, plus a flotilla of boats for hire including dhows, catamarans and luxury yachts.

### TAKE A BUS TOUR

View the city from the comfort of a tour bus and learn some fascinating facts along the way. The Big Bus Company allows you to hop on and off their double-decker bus at various attractions. Meanwhile the amphibious Wonder Bus drives around town before taking to the water and cruising along the Creek.

### AT THE TOP

A visit to the Burj Khalifa, the world's tallest building, is a must. Ride the super-fast elevator to the 124th floor's viewing deck for a 360° view across Dubai. Alternatively, book a table at At.mosphere — the world's highest restaurant.

### AERIAL ADVENTURE

Seawings, a tour operator with a fleet of nine-seat Cessna 208 seaplanes, provides aerial sightseeing tours departing from the Jebel Ali Golf Resort and the Dubai Creek.

Prepare yourself to see the most famous Dubai icons at 1,500ft, including the Burj Al Arab, The Palm and The World Islands. In addition, the company offers group charters and organises trips to neighbouring emirates, reaching secluded spots that cannot be reached by land. They also offer package deals that include spa and beach downtime, mountain safaris, dhow and dolphin cruises or deep sea fishing.

### ON THE PALM

Live the high life on this man-made marvel. Experience the flamboyant Atlantis hotel with dinner at Nobu — a well renowned Japanese restaurant — swim with dolphins, walk through the watery world of the Lost Chambers and take the plunge at Aquaventure.

### SHOP 'TIL YOU DROP

Dubai does shopping bigger and better than most, so whether it's to beat the heat or browse the boutiques, you won't be short of options. The city has many shopping hotspots, including The Dubai Mall, one of the largest in the world. If shopping is more than a passion, the time to visit is during the Dubai Shopping Festival, held in the first months of the year, when the whole city becomes a treasure trove of retail delights and fabulous discounts.

### SAMPLE THE SOUKS

Still an essential part of life for many people, the hustle and bustle of Dubai's souks is a welcome slice of tradition. Check out the Spice Souk, the colourful textile souk in Bur Dubai, the Fish Market in Deira and the world-renowned Gold Souk.

### EXPLORE OLD DUBAI

Wander among traditional Arabic wind tower houses in the beautifully restored Bastakiya area. Stroll through the city's history at the nearby Dubai Museum and learn about traditional trades at the Heritage & Diving Village on the banks of the creek.

### EXPERIENCE LOCAL CULTURE

Take a tour of Jumeirah Mosque and learn about Islam and Emirati culture, experience local hospitality at a 'cultural breakfast', or smoke shisha and sample Middle Eastern cuisine at an Arabic cafe.

## CUISINE

Dubai's gastronomic landscape is expansive with everything from glitzy celebrity chef venues and picturesque lounges to authentic ethnic eateries and laid-back shisha cafes. Whether casual, romantic, discrete, Michelin-star, designer, modern, underwater, or on top of the world, eating out is guaranteed to be an indulgent and unforgettable occasion every time.

### Opening Hours

In general, cafes and restaurants in Dubai stay open until between 23:00 and 01:00.

### Dress Code

Dubai's dress code is on the smarter side, with beach attire not expected in restaurants.

### Ramadan Timings

During Ramadan, opening hours change considerably. Since eating and drinking in public is forbidden during daylight, many places only open after sunset then keep going into the early hours. Some hotel restaurants open all day but are screened from public view.

### Cultural Meals

Newly opened Al Fanar Restaurant & Cafe in Festival City offers authentic Emirati cuisine in an incredible setting that vividly evokes the Dubai of the 1960s. Alongside the atmospheric decor and historic artefacts, the food is delicious and the experience unique. Bastakiya, the traditional part of the city, is another great place to go for a cultural and culinary experience rolled into one – stroll through the streets, visit the museums and dine at one of the many cafes. Truly local food has several distinct flavours, thanks to the country's trading past. Look out for tings of cinnamon, saffron and turmeric along with nuts, limes and dried fruit.

### Independent Restaurants

Areas like Oud Metha, Karama and the Jumeirah strip are home to restaurants serving everything from authentic Arabic kebabs and tempting pad thai to crispy Peking duck and fiery Pakistani curry. Whether you pop in for a

hearty lunch or have a teetotal evening you shouldn't ignore the affordable, culinary delights of these independents.

### Street Food

Shawarma is a popular local snack consisting of rolled pita bread filled with lamb or chicken carved from a rotating spit, vegetables and tahina sauce. You'll see countless roadside stands offering shawarma for as little as Dhs.3 each. In residential areas, the small cluster of shops beside a mosque is often a good bet to find your local shawarma outlet. These cafes and stands usually sell other dishes, such as falafel (or ta'amiya), which are small savoury balls of deep-fried chickpeas, also sold separately or in a pita bread sandwich. Many offer freshly squeezed fruit juices for around Dhs.10.

**DUBAI IS THE IDEAL BASE FROM WHICH TO EMBARK ON AN ADVENTURE, AN AFTERNOON OF CULTURE, OR JUST A SCENIC TOUR OF THE VARIED LANDSCAPE.**

## BEYOND THE BORDERS

With six neighbouring emirates, Dubai is the ideal base from which to embark on an adventure, an afternoon of culture, or just a scenic tour of the varied landscape.

The capital of the UAE, Abu Dhabi, is a little over an hour away. The city offers a wealth of culture and breathtaking views, from its extensive corniche to the magnificent new Sheikh Zayed Bin Sultan Al Nahyan grand mosque, with its 150 domes and the world's largest carpet.

The green oasis of Al Ain rises from the sands near the Omani border and is dominated by Jebel Hafeet, a 1,200m mountain. Visitors who venture there are rewarded with a panoramic view of the desert that reaches into Saudi Arabia. Other attractions include the date palms of Buraimi oasis, the hot springs of Al Fayda, and the Al Ain Camel Souk, an authentic market for camel traders and one of the few remaining in the Middle East.

Heading north up the coast from Dubai is Sharjah, with its extensive range of museums and stunning souk architecture; then the dhow

building yards of quiet Ajman; the lagoons and mangroves of Umm Al Quwain, and finally the archaeological sites, coastal dunes, mountains and fjords of Ras Al Khaimah. Over the mountains, Fujairah surprises with its coastal peaks, secluded beaches and rarities such as the peninsula's smallest mosque, at Bidayah.
